

Embracing our Heritage, Advancing our Future

January 8, 2019

To: Mayor and Council

From: Jim Russell, City Manager

Subject: Employment Contract Renewal

This memorandum is being sent respectfully to request that my employment contract extension be placed on a Mayor and Council special meeting. As you are aware this can only be done by the request of the Mayor or three council members. Since my contract is due to expire in January I feel that this is an appropriate time to have my contract considered for renewal so that I may continue to move effectively forward in my duties as City Manager. Thank you for your support and consideration in this matter.
